"The Store That Saves You Money"

Corner Foushee & Broad.

Here you are trading at a store where credit-giving is customary---the rule!

You never hear of us baiting rusty hooks and calling them bargains as a pretext to catch your ready money. To our mind a credit house has no business with cash selling. If any advantage can be given, it belongs to all alike—and all get it of us.

After you make your first small payment we rely on your promise for the balance. We don't want you to agree to pay a cent more—nor a day oftener than you can afford to. If you keep your promise you keep our confidence, and if you've got our confidence anything in our store is yours.

Breaking Away

from a habit is sometimes difficult, even though the habit is known to be harmful.

The regular use of coffee is, to most persons, a harmful habit, because the drug, *caffeine*, in coffee interferes with the healthy action of heart, nerves and stomach.

It's easy to break away from the coffee habit if well-made (thoroughly boiled)
